Madeline Benavidez, FNP-C KeiKei Robinson, FNP-BC
Dear,
Welcome to Coastal Bend Pain Management! We are pleased you have been referred to our office for your pain management care. We look forward to meeting you in the near future.
Pain Management is the understanding of pain sensation, identifying the cause of your pain, and finally providing treatment options and/or lifestyle changes to help control your pain. We use a multidisciplinary approach and an experienced team to assist you in overcoming and controlling your pain. When needed, we can call upon a team of medical doctors, surgeons, physical medicine or rehab physicians, psychologists, anesthesiologists, registered nurses, and medical assistants to treat you, our patient.
Please complete your entire packet prior to your appointment. At the time of your appointment, we will collect your completed packet and will need a copy of your insurance card(s), and photo identification.
Your initial visit consists of a physical examination, review of symptoms, radiology review, and if applicable, review of referring physician notes and developing a treatment plan specifically for you. Treatment options requiring surgical procedures or invasive diagnostic testing will not be performed at the initial visit, rather scheduled at the earliest availability. If demanded, authorization for surgical procedures will be requested and scheduled in the timeliest fashion possible. All surgical procedures are scheduled to be performed in office.
If you are unable to make your appointment for any reason, we ask you to please notify our office 24 hours in advance or you will be considered a no show . Missed procedure appointments will result in a \$75.00 no show fee. Missed follow-up appointments will initially result in a \$50.00 no show fee. Please note no show fees need to be paid prior to rescheduling .
If you have any further questions, our team will be happy to assist you.
Thank you,
aranl.
Michael E Tschickardt, M.D. Ricardo Taboada, M.D.

Consent for Treatment | Assignment of Benefits

atient Name:	Provider Name:	Michael E. Tschickardt, M.D

Date of Birth: Date of Service:

- I. CONSENT FOR TREATMENT: I hereby consent to the evaluation and management services provided by Dr. Tschickardt of Coastal Bend Pain Management and within this facility. Services may include diagnostic radiology and possibly surgical procedures. I understand that my consent may be revoked, in writing, at any time. However, such revocation does not release any financial obligation for services already rendered.
- **II. AUTHORIZATION TO RELEASE/OBTAIN INFORMATION**: The undersigned hereby authorizes Dr. Tschickardt and associates of Coastal Bend Pain Management to release to any insurance carrier represented as contractually responsible for payment in whole or in part of the patient's health care bill, such as information as is deemed minimally necessary for the proper and accurate processing of such healthcare claims. Further, the undersigned releases Dr. Tschickardt of Coastal Bend Pain Management to provide to outside healthcare providers/services such information as is necessary to facilitate proper healthcare, limited only to that which is deemed minimally necessary to execute referrals, etc. on behalf of the patient. In addition, by copy of this document the patient consents to the release of prior medical records from referring physicians, hospitals, nurses or other entities, which have records necessary for proper evaluation and treatment of the patient.
- III. STATEMENT OF FINANCIAL RESPONSIBILITY: In consideration of medical treatment and service provided to the above-named patient, the patient or the undersigned guarantor unconditionally guarantees payment in full to Dr. Tschickardt of Coastal Bend Pain Management. Coastal Bend Pain Management agrees to abide by the terms and conditions set forth in individual managed care contracts with which the patient and physician both participate. Patients covered by insurance that do not have a managed care contract with Dr. Tschickardt of Coastal Bend Pain Management understand that Coastal Bend Pain Management will submit claims for processing. However, the patient/guarantor is ultimately responsible for payment of the entire account balance regardless of insurance coverage on insurance benefit determination. Should an insurance carrier not pay on a claim within the mandatory 45-day state limit, the balance due will be the responsibility of the patient/guarantor. All co-pays are due at the time of service. The patient/guarantor understands he/she is responsible for providing accurate and complete billing information.
- **IV. ASSIGNMENT OF INSURANCE BENEFITS**: The undersigned hereby authorizes any insurance carrier represented as contractually responsible for payment in whole or in part of the patient's healthcare bill, including Personal injury Protection or Medical Payment coverage, to pay directly to Dr. Tschickardt of Coastal Bend Pain Management proceeds and benefits payable to me. Additionally, I agree that any payments shall be applied toward any settlement or judgment I receive under any auto liability or uninsured/underinsured motorists coverage provided by Medical Payments coverage. I acknowledge and accept the terms and conditions set forth in Sections III and IV of this policy statement:

The undersigned, being the patient and/or guaranteeing party to the ab	oove named account, hereby acknowledges and
agrees to the following:

	Consent Patient Portal	
Patient Name:	Provider Name:	Michael E. Tschickardt, M.D.
Date of Birth:	Date of Service:	

The Patient Portal is a web-based system that is your secure communication link with our office. When you log in to the Patient Portal with your private user name, you can:

- Request a medication refill or contact us for quicker response times than phone calls
- View your medical record and print or save an electronic copy of your Clinical Summary to avoid medical record fees
- View appointments
- View your ledger and statement
- Update your contact information

Patient Portal Consent Form

The patient portal is a secure way to access your medical records including medications, lab results, and medical history through the internet. You can also communicate with our office via secure messaging to ask questions, provide information, request appointments, and request medication refills.

Please read the following policy carefully:

- We are offering the patient portal as a convenience to you at no cost. We will not sell or give away any private information, including email addresses.
- The patient portal is the preferred method for our patients to communicate with the office.
- The portal is for **non-emergency** uses only. We will reply to your request/inquiry within two (2) business days. Please note: the portal is not checked or updated on weekends.
- We are not allowed to refill narcotics or other controlled medications through the internet portal.
- If you do not receive a timely email reply from us, please check your Junk or Spam email folder as messages are sometimes redirected into those folders.

By using this online patient portal, you agree to protect your password from any unauthorized individuals. It is your responsibility to notify us should your password be stolen. You agree to not hold Coastal Bend Pain Management responsible for any network infractions beyond our control.

Talking About Your Pain

It's important to remember that each person's pain is different. The pain that you experience can't be compared to another person's pain. ONLY YOU know how and when you hurt, and how the pain affects your life. It is important to describe what you are feeling to those who are trained to help you. Don't be embarrassed to talk to your doctor, nurse, or pharmacist. They need to know as much as possible about your pain in order to develop the best plan to control it. The questions on this form can help you describe your pain.

Why Is Pain Relief So Important?

Proper treatment for pain is not only a matter of comfort. Unrelieved pain can lead to nausea, loss of sleep, depression, loss of appetite, weakness, and other problems. Pain can also affect your life at home and at work. Relieving your pain means that you can continue to do the day-to-day things that are important to you.

Most Pain Can Be Controlled

It is important to know that most pain CAN be relieved. Your doctor will work with you to find the treatment that may be best for your pain. The key to effective pain control is to take the RIGHT AMOUNT, of the RIGHT MEDICINE, at the RIGHT TIME. You should take your pain medicine on a regular schedule, as your doctor, nurse, or pharmacist tells you. Don't wait until the pain becomes severe. Pain is easier to control when it is mild than when it has reached full force. If your pain medicine wears off too soon, is not relieving the pain, or causes problems with side effects, you should call you doctor because you may need to have your treatment plan changed.

<u>Comments:</u> Write down any questions or information you need to share with your doctor, nurse, or pharmacist about your pain.
